

Nuvei partners with Cash App Pay

February 1, 2024

Businesses can now offer the popular alternative payment method in their checkout through their existing integration with Nuvei

MONTREAL, Feb. 1, 2024 /PRNewswire/ -- Nuvei Corporation ("Nuvei" or the "Company") (Nasdaq: NVEI) (TSX: NVEI), the Canadian fintech company, announces today that it has partnered with Cash App, a fast and simple payment method that enables U.S. customers to make online payments either by scanning a simple QR code or by tapping Cash App Pay during the checkout process. Partners in the U.S. can seamlessly add Cash App Pay to their online checkout through their existing integration with Nuvei.

Cash App Pay's simple, intuitive payment experience encourages customers to return to repeat shop, as well as appeals to younger consumers by providing them with a convenient way to pay using their Cash App balance or linked debit card. In addition to winning new customers, diversifying away from a reliance on card payments also boosts overall payment acceptance rates and optimizes costs, boosting revenue acceleration further.

Philip Fayer, Nuvei Chair and CEO, commented on the announcement: "Cash App Pay is being rapidly adopted as a payment method in the U.S., especially with younger consumer demographics. Our mission is to support our partners to engage with their customers, wherever they are and however they want to pay. This partnership enables businesses to integrate Cash App Pay into their online payments experience effortlessly, attracting new customers and accelerating revenue growth in the process."

This announcement is the latest from Nuvei as it continues to build out its industry-leading portfolio of alternative payment methods (APMs) for its partners to access through a single integration. Nuvei's agile, customizable platform enables businesses to effortlessly tailor their online checkouts with all the relevant APMs in each market they operate.
